

# Main Squeeze Juicer

ammie  
Y'ALL

## Supplies

Main Squeeze Juicer AY-973

Pencil

Medium Round Brush

Liner Brush

## Color

Meloncholy SC-2

Sunkissed SC-06

Cotton Tail SC-16

Dandelion SC-24

Tuxedo SC-15

## Instructions

1. Sketch lemons on the juicer.
2. Paint around the lemons with 2-3 coats of Melon-choly. Use an old paintbrush, toothpick, or needle tool to clear out the drain holes.
3. Paint the lemons alternating between Sunkissed and Dandelion every few brushstrokes.
4. Add Tuxedo detail to the lemons using a detail brush.
5. Dip the eraser end of a pencil in Cotton Tail and add dots around the juicer.
6. Use the liner brush to add Tuxedo dashes around the juicer.
7. Dip the liner brush in clean water and thin a small pile of Tuxedo to an ink like consistency. Holding the brush in your dominant hand, tap the handle with your other hand to add splatters to the juicer.
8. Clear glaze and fire to cone 06.
