- Dish Soap
- Straw
- Water Cup
- Paint Palette
- Paper Towels
- Small Round Brush or Detail Brush
- 3 Small Disposable Cups
- 9599 Hydra Art Sponge
- 1 Tsp Measuring Spoon (optional)

# Holiday Bubble Technique

## Poppin' Holiday Fun for Any Age!

1. In 1 disposable cup pour 2 tsp **Really Red**, 1 tsp water, and 2-3 drops of dish soap. Repeat for **Bright Wintergreen** and **Bright Kelp**.
2. Mix the solution in the cup thoroughly with a straw so that you do not see any water or soap sitting above the glaze.
3. Use **Bright Kelp** solution and hold the cup above the tile at a slight angle. With a straw blow bubbles in the cup and let the bubbles overflow onto the tile. Cover the entire tile in bubbles and let most bubbles pop before the next step.
4. Repeat step 3 using the **Bright Wintergreen** and **Really Red** solutions respectively.
5. Dab off any excess paint or bubbles using a sponge. Let dry completely.
6. Smooth out raised bubbles with a sponge or finger.
7. Use a small round brush to paint hanging Christmas Ornament outlines with 1-2 coats of **Dark Black**.
8. Paint dash-marks along the border of the tile and write "Joy" in the bottom right corner with 2 coats of **Dark Black**.
9. Clear glaze and fire to **cone 06**.
