

# Reindeer Family PLATTER

Liz Geoghan

## Paints:

### Bellissimo by Colorrobia

- 908 Black Swan
- 915 Caramel Swirl
- 917 Choccomo
- 945 Tomato

### DUNCAN

- Black French Dimensions
- White French Dimensions

## Supplies:

- 3x Writer Bottles
- Large Square Brush
- Liner Brush
- Seral Paper
- Pencils
- Masking Tape
- Reindeer Template

- Fill your writer bottles with the following colors: 917 Choccomo, 915 Caramel Swirl, and 908 Black Swan.
- Use the reindeer template to transfer the design onto the center of the platter.
- Mask off a square around the design with masking tape. Use scissors or an Xacto knife to cut edges.
- Use Black French Dimensions to outline the design in the center of the platter.
- Use your large square brush to paint the area on the outside of the taped square 2-3 coats of 945 Tomato.
- Use a pencil and follow along the inside edge of the masking tape square to draw a guideline, since there is no background paint in the center of the platter.
- Carefully remove the masking tape.
- Use Black French Dimensions to outline the square that was masked off. (Inside and outside edges)
- While that is drying, jump back over to the reindeer. It's time to fill them in!
- Using your writer bottles (917 Choccomo and 915 Caramel Swirl) fill in the reindeer.
- You want this process to resemble the way you apply royal icing to a cookie. The paint should pool and create one even layer. You'll need to move quickly and don't be shy!
- Once you've filled in two of the reindeer, jump back over to the outlined square around the design and fill in with 908 Black Swan using your writer bottle or a brush. We want to give this some time to dry.
- Finish filling in your reindeer
- Now it's time to add the White French Dimensions swirls over the black square. Keep even pressure on the bottle and let the paint fall onto the plate.
- Sketch any lettering lightly with a pencil.
- Using a liner brush or writer bottle to letter.
- Add red dashes to White French Dimensions for candy cane effect
- Go over lettering with White French Dimensions
- Add black dots!
