

TROPICAL FERN PLANTER

MATERIALS

3945	Tropical Fern Planter	Assorted Brushes
9599	Hydra Art Sponge	Toothbrush

GLAZES

EL125	Sahara Sands	EL160	Foliage Green
EL155	Holiday Green		

INSTRUCTIONS

1. Wipe down the planter with a clean Hydra Art Sponge.
2. Paint the outside surface of the planter, including the bottom surface, with 2-3 coats of Foliage Green. Let your piece dry completely.
3. Using a liner or script brush, paint the fern leaves and stems with 2-3 coats of Holiday Green. Let your piece dry completely.
4. Use a large square brush or fan brush to paint the inside of the planter with 2-3 coats of Sahara Sands.
5. Pour a small amount of Sahara Sands onto your palette. Dip the bristles of a toothbrush into the color. Angle your toothbrush towards the planter's surface, then run your finger or thumb along the bristles to splatter glaze on the planter.
6. Allow the project to dry completely, then fire to cone 06.
