SC009	Jaded	SC024	Dandelion
SC015	Tuxedo	SC028	Blue Isle

INSTRUCTIONS

1. Wipe down the plate with a clean Hydra Art Sponge.
2. Adhere long strips of 3/16" Art Tape extending from the daisy to the plate rim in a "burst" fashion.
3. On your palette, mix Melon-Choly, Dandelion, Blue Isle, and Jaded with Cotton Tail in a 2-1 ratio. This will create a palette of retro-inspired pastel shades!
4. Paint the center of the daisy with 2-3 coats of the pastel-shaded Dandelion.
5. Alternate painting the "burst" stripes with each pastel-shaded color. For each stripe, paint 2-3 coats of color. Allow your project to dry.
6. Gently remove each Art Tape strip from the plate surface.
7. Use a script or liner brush to outline the daisy petals and daisy center using 1-2 coats of Tuxedo.
8. Use a Dotting Gyre to add Tuxedo dots to the daisy center.
9. Use the Dotting Gyre to add Cotton Tail dots to the daisy petals.
10. Use the Dotting Gyre to add smaller, Cotton Tail dots to the daisy center.
11. In scattered areas on the color bursts, use the Dotting Gyre to apply Dandelion (not mixed with Cotton Tail) dots.
12. Use a small round brush to add Cotton Tail petals around each Dandelion dot to create mini daisies across your project.
13. Let your project dry completely. Clear glaze and fire to cone 06.
